Subject: BGE is Great!

Dear Rachel,

Just a note to say how much we are loving our Big Green Egg! It was easy to assemble, as you had promised, and we have already used it several times. I am gradually getting the hang of how quick and responsive it is, in terms of temperature adjustability. And it does make everything one cooks in it come out wonderfully! We are very pleased.

I can see that we will be wanting to do a lot of "indirect" cooking, and so I wonder if you have a Plate Setter in stock, or how long it would take you to bring one in? I suppose I could order it directly from Tucker GA, but thought I would check with you first.

BTW, I did give your Dad the cheque for \$51.96 for the two bags of charcoal.

Best regards,

Ian (& Marilyn)
